

BLOCKCHAINPEOPLE WHITEPAPER

BCPcoin (“ BCP ”) is a digital token compatible with the ERC-20 token standard. BCP has no functions, no utility and no intrinsic value, no promise or expectation of any financial return, profit, interest or dividend.

The total supply of BCP is 21 million tokens, paying homage to Bitcoin! We issue tokens on the Base chain with a 2% transaction tax (1% for project profits and 1% for marketing), ensuring a completely fair token launch! In the form of MEME coins, we adopt a playful, satirical attitude to reflect the current situation of blockchain practitioners and participants, depicting the various complexities of human nature in blockchain development.

There is no roadmap and there is no promise or expectation that any ecosystem will even be developed for BCP.

BCP is completely useless and for entertainment purposes only.

For the avoidance of doubt, and without limiting the generality of the above, BCP is not, and is not intended to:

be a medium of exchange accepted by the public (or a section of the public) as payment for goods or services or for the discharge of a debt;

be designed or intended to be used by any person as payment for any goods or services, whether through the BCP land Group or otherwise;

entitle holders to exchange BCP for goods or services;

be a representation of money (including e-money);

be a digital representation of a capital markets product, security, share, debenture, unit in a collective investment scheme, derivatives contract, commodity or any other kind of financial instrument or investment in any jurisdiction;

be a capital markets product, security, share, debenture, unit in a collective investment scheme, derivatives contract, commodity or any other kind of financial instrument or investment in any jurisdiction;

represent any shareholding, participation, right (including but not limited to voting rights), title, stake or interest in, or right to participate in business operations of any entity, enterprise or undertaking (including without limitation any member of the BCP Group);

represent any entitlement to any voting rights in respect of the “BCP” ecosystem as described on the websites, <https://bcp.ltd> and any webpages hosted thereon (“Websites”) as a whole;

represent any entitlement to fees, dividends, revenue, profits or investment returns;

represent any rights under a contract for differences or under any other contract the purpose or purported purpose of which is to secure a profit or avoid a loss;

be refundable or exchangeable for cash (or its equivalent value in any other digital asset); and/or

represent any indebtedness.

There is no guarantee and no commitment to list BCP on any exchange.
